Specific entry requirements

For admission, students must lack no more than 15 credits from preceding semesters within the Study Programme in Speech and Language Pathology.

Objectives

On completion of the course, the student will be able to:

- Describe interaction during mealtime situations, in particular how eating is influenced by the interaction between the caregiver and the person who is eating
- Analyse different conversation relations, based on clinical encounters experienced by students themselves or others, including encounters with patients and close ones who are in a state of crisis

Transitional provisions

Possibility to carry out the course with the intended learning outcomes of this course syllabus and planning will be provided during a time of two years after a possible close-down of the course.

Other directives

Course evaluation will be carried out according to the guidelines established by the Board of Higher Education.

Literature and other teaching aids

There is no literature specified for this course. Please contact the department for more information.
