### **Specific entry requirements**

For admission, students must lack no more than 15 credits from preceding semesters within the Study Programme in Speech and Language Pathology.

### **Objectives**

On completion of the course, the student will be able to:

- Describe interaction during mealtime situations, in particular how eating is influenced by the interaction between the caregiver and the person who is eating
- Analyse different conversation relations, based on clinical encounters experienced by students themselves or others, including encounters with patients and close ones who are in a state of crisis

### **Transitional provisions**

Possibility to carry out the course with the intended learning outcomes of this course syllabus and planning will be provided during a time of two years after a possible close-down of the course.

## **Other directives**

Course evaluation will be carried out according to the guidelines established by the Board of Higher Education.

## **Literature and other teaching aids**

There is no literature specified for this course. Please contact the department for more information.
