Gerontology, 6.0 hp

Grading scale: VU

Geriatric diseases, 3.0 hp

Grading scale: VU

Clinical education in care of older people, 6.0 hp

Grading scale: VU

Teaching methods

The course is carried out as distance education, half-time studies. The distance education is IT based and
 characterised by independent and collaborative learning. In the course, individual study assignments,
 work in groups, virtual discussions, seminars, lectures and field studies are used. Physical meetings are
 limited to 4 days at most.

Examination

All the parts are examined through individual written examinations. Limitation of the number of
 examinations: For all examinations, it is stated that the student has the right to participate in a total of six
 examinations. Student without approved results after three completed examinations may be offered to
 retake a part or course once more. Dates and times of the examinations are announced at the beginning
 of the course.

Other directives

Course evaluation will be carried out in accordance with the guidelines established by the Board of
 Education.
