Personal Statement
Application Form Amgen Scholars
Program Karolinska Institutet 2026

Details of student (applicant)

Title:		First name and middle initials:		Surname:	

Personal statement

Please describe in your own words why you have chosen your proposed scientific area of research. Be sure to explain what you hope to accomplish by becoming an Amgen Scholar and how it will support your academic or career goals and prepare you for a career in research. Describe any research experience you have had and any honours, awards or prizes you have received. Research experiences should be documented separately by certificate from research supervisor(s). Don't forget to mention any extracurricular or community activities that could enhance your application.

A good personal statement can be written in half a page and you should aim not to write more than a full A4 page. Lay it out carefully so it is easy to read.
