

# Schedule – Course Degree project in Toxicology 2024-2025

Course leaders: Annika Hanberg, Johanna Zilliacus

Not yet finally decided

**Thursday 5 December 2024, 9-16, Room: Gunnar Höglund. Introduction to the course,** Systematic literature search, assessment criteria, ethical approval. Students inform each other about their projects (very brief, no slides) (Annika Hanberg, Johanna Zilliacus)

Christmas holiday period (24 December – 6 January): agree with your supervisor when and where to work on your project.

**Friday 17 January:** Follow-up at the start of the project. The aim is to check that everything is going well with the project. The students answer questions and upload on Canvas by 16.00. Instructions and questions are found on Canvas.

**Thursday 23 January at 9-16, room Rolf Bergin:** Methods (Johanna). Short (5 min) project presentations (with a few slides) by all students. Group dynamics, 13-16 (Annika).

**Tuesday 11 February at 10-16, room 311, Building 75**

10-12 **Sustainable development** (Hanna Karlsson)

13-16 **WS How to write an introduction.** How to give feedback (Gabriella Ekman, KIB). All students should have started to write their introduction before the WS.

**End of February/beginning of March, room TBD. Individual half-time meeting** (30 minutes each) with one of the course leaders (Annika or Johanna). Course leaders contact students to decide on time for each student.

**Wednesday 5 March:** Each student uploads a 2-page draft of their Introduction on Canvas. Deadline **16.00!** You will receive feedback on two pages of your introduction, written with normal font size, spacing and margins. We encourage you to submit your entire introduction, however, even if it exceeds two pages – but please indicate (in the document) which two pages you want us to focus on during the session.

**Wednesday 12 March:** Peer-review process. Each student is primary reviewer on another student's draft and gives feed-back to the author on Canvas by **16.00**.

**Wednesday 19 March:** Each student uploads a revised version of their draft on Canvas by **16.00**.

**Tuesday 25 – Thursday 27 March, Zoom:** Anna/Gabriella give **individual feedback** on the revised drafts. Students will be contacted to book a 30-minute meeting with them.

**Tuesday 8 April, at 9-16, room 221, Building 75:**

9-12: **Ethics** (Gert Helgesson).

13-16: **WS Popular science summary, intro to oral pitch.** Avoiding plagiarism. (Gabriella Ekman). Posters. Report instructions (reminder).

**Monday 12 May at 9-16, room Rolf Bergin: How to ask questions. Project presentations** by students. (half class)

**Tuesday 13 May at 9-16, room Rolf Bergin: How to ask questions. Project presentations** by students. (half class)

**Wednesday 14 May at 14.00.** Deadline for uploading **poster** on Canvas.

**Friday 16 May at 16.00.** Deadline for uploading **master thesis report** on Canvas.

**Sunday 18-Friday 23 May.** Study trip to the European Commission Joint Research Centre (EC-JRC) Summer school. See the separate schedule!

**Monday 26 May at 13-15, room Gunnar Höglund.** Teaching activity on “Elevator pitches” of master projects.

**Monday 26 May at 16-17.30, room IMM, level 4 (upper entrance).** **Poster presentations** and mingle with 1st year students, supervisors, and others who are interested.

**Tuesday 27 May at 15-17?, room TBD.** Pitches of students’ master projects for invited high-school students. Including presentation of the ToxMaster etc.

**26-28, 30 May (as well as during the study trip).** Preparations for oral presentation and opposition of two fellow students’ master thesis reports.

**Monday to Wednesday, 2-4 June (room IMM-salen), 10-17. Zoom-link:**

**Oral presentations and discussions of master projects.** See specific schedule. All presentations are mandatory.

**Thursday 5 June at xx.00 (afternoon).** Date for the graduation ceremony **(time not yet decided)**, invitation and info will be sent to you from KI. Students should be there earlier for rehearsal.
