

Version 2022-09-07 1.6

Introduction course (4HM000)

7.5 credit points

(Master Programme in Health Economics, Policy and Management)

Schedule

August 29 – September 30, 2022 (weeks 35-39)

Course Directors: Carl Savage (carl.savage@ki.se) & Mats Brommels (Mats.Brommels@ki.se)

Course main venues: Canvas

Please note: We have striven to offer the most effective teaching approaches we can, and therefore, the course will involve blended learning. In other words, we will combine on-campus and online activities in the learning management platform Canvas. Expect to spend 40 hours/week on your studies. A large portion of this time will include group work, and previous classes have found it to be advantageous to work together on the KI campus.

Prior to the course start, you will receive information about how to access Canvas where you will also find the final course schedule. Certain sessions will be live online or on campus and all are labelled as such.

Introduction course, 7.5 credit points
