Extracurricular activities

Describe any extracurricular activities that you have performed (max. 7) that show ambition and initiative. Examples of such activities could be experience from serving on boards or committees, starting a business or running projects, leadership or voluntary work, etc. You must verify each activity you describe by providing a certificate (issued in English or Swedish) containing an official letterhead, the name, position and signature of the person providing the certificate, and confirmation of your position and its duration. If you would like to certify online extracurricular activities (for example YouTube-channels, websites etc.) for which you are unable to obtain a certificate, you should upload a screenshot of the page and include the link to the page in the text field below. Please note that it must be clear from the screenshot that you have contributed to the content. Only verified activities will be considered. Make sure all text is shown in the text field (do not exceed the text field).

Relevant work experience that is not part of your academic studies

Describe any work experience (max. 4) that you have acquired that is **not** part of your Bachelor (or higher) degree. Complete the form below for each work experience you cite.

You **must** verify each work experience by providing a certificate from your employer (issued in English or Swedish) that contains the official letterhead of the company etc., your employer's name, position and signature. We do not take comments on your performance into account, only confirmation of your position and duration. Other letters of support are NOT considered! Only experience verified by appropriate documentation will be considered.

% of full time: 100 % is a full work week and equal to 40 hours per week. For example: If you worked on a particular project 4 hours per week, the workload is 10 %.

Title	Start date (YYYY-MM-DD)	End date (YYYY-MM-DD)	% of full time	Company name
-------	----------------------------	--------------------------	-------------------	--------------

Brief description of project, work tasks, responsibilities, etc.

Bioentrepreneurship 2024/2025

Relevant research experience that is not part of your academic studies

Describe any research experience (max. 4) that you have acquired that is **not** part of your Bachelor (or higher) degree and that is of relevance for the Master's Programme in Bioentrepreneurship. Complete the form below for each research experience you cite.

You must verify each research experience by providing a certificate from your research supervisor (issued in English or Swedish) that contains the official letterhead of the institution etc., your supervisor's name, position and signature. We do not take comments on your performance into account, only confirmation of your position and duration. Other letters of support are NOT considered! Only experience verified by appropriate documentation will be considered.

In the description, list any publications that have resulted from your research experience. State the complete reference with authors, title, year, journal, volume and page numbers. Verify each publication by providing a copy of the first page of each published article (in English) in which the author list, abstract and journal name are shown. Make sure all text is shown in the text field (do not exceed the text field).

% of full time: 100 % is a full work week and equal to 40 hours per week. Example: If you worked on a particular project 4 hours per week, the workload is 10 %.

Title	Start date (YYYY-MM-DD	End date (YYYY-MM-DD)	% of full time	Institution, company, etc.
-------	---------------------------	--------------------------	-------------------	----------------------------

Brief description of project, subject area, techniques, responsibilities, publications, etc.

Overall qualitative assessment model – Global Master's Programme in Bioentrepreneurship 2024/2025

Each applicant is assessed independently of other applicants on a scale of 10-200.

Points are awarded only for merits that are described in English in the appropriate section of the CV-form and that have been certified according to the instructions in the CV-form.

The current merit evaluation model for the Master's Programme in Bioentrepreneurship is described below.

Subject focus of bachelor's/undergraduate level studies		
Maximum points: 20 Minimum points: 10		
Highly relevant	20	Predominantly courses that are assessed as relevant to life science and clinical experience in the education
Relevant	15	Courses that are assessed as relevant to life science
Sufficient	10	Have no or very few courses that are assessed as relevant to life science
Extracurricular activities		
Maximum points 40 Minimum points: 0		
Highly relevant	31-40	Documented experience from serving in leadership positions in student committees and boards with a large responsibility and/or documented experience of starting a business within a field that is relevant for bioentrepreneurship.
Relevant	11-30	Documented experience from active participation in student committees and boards. Longer voluntary work. Documented experience of starting a business within a field that is not completely relevant for bioentrepreneurship.
Somewhat relevant	1-10	Documented experience as e.g., sports coach or active participant in events and conferences. Shorter voluntary work.
Not relevant	0	No documents or nothing relevant for bioentrepreneurship.
Relevant work experience (extracurricular)		
Maximum points: 40 Minimum points: 0		
Highly relevant	21-40	More than a year of documented experiences that is clearly relevant to bioentrepreneurship.
Relevant	11-20	Up to a year of documented experiences that is clearly relevant to bioentrepreneurship.
Somewhat relevant	1-10	Documented experiences that is not clearly relevant to bioentrepreneurship.
Not relevant	0	No documented experiences.

Relevant research experience outside of studies

Maximum points: 30

Minimum points: 0

Long relevant experience	21-30	More than one year of relevant documented experience that is not part of the studies.
Relevant experience	11-20	Three months up to one year of relevant documented experience that is not part of the studies.
Short relevant experience	1-10	Up to three months of relevant documented experience that is not part of the studies.
No relevant experience	0	No relevant documented experience or only experience that is part of the studies.

Statement of intent

Maximum points: 30

Minimum points: 0

Excellent	21-30	Well written and relevant with a clear ambition to study bioentrepreneurship and a realistic plan for the future.
Good	11-20	Well written and with some ambition to study bioentrepreneurship and a realistic plan for the future.
Acceptable	1-10	Not well written and/or missing a clear ambition to study bioentrepreneurship and/or an unrealistic plan for the future
Missing	0	Missing or not directed to bioentrepreneurship or written in very poor English.

Overall assessment of the applicant

Based on a complete assessment of all documented merits e.g. a very good overall impression of the application, highly motivated or engaged applicant, other relevant degrees over BSc level etc.

Maximum points: 40

Minimum points: 0

Excellent	31-40	
Very good	21-30	
Good	11-20	
Satisfactory	1-10	
Not satisfactory	0
