

**Details of student (applicant)**

Title:  First name and middle initials:  Surname :

**Personal statement**

Please describe in your own words why you have chosen your proposed scientific area of research. Be s e plain what you hope to accomplish by becoming an Amgen Scholar and how it will support your academic or career goals and prepare you for a career in research. Describe any research e perience you have had and any honours, awards or pri es you have received. esearch e periences should be noted separately by certificate from research supervisor(s). Don t forget to mention any e tracurricular or community activities that could enhance your application.

A good personal statement can be written in half a page and you should aim not to write than a full A4 page. Lay it out carefully so it is easy to read.
